

KOALA FRIENDLY CARBON

Environmental Plantings

In partnership with WWF-Australia, Climate Friendly helps Australian land managers restore landscapes by growing and maintaining permanent native forest.

Be part of an exciting koala habitat restoration initiative stretching from the Queensland border to the Snowy Mountains in southern NSW.

Koala Friendly Carbon builds drought resilience and provides reliable long-term income while creating bio-diverse havens for endangered animals, storing carbon in vegetation, and increasing natural capital value.

Restoration

Resilient Land,
Reliable Income

Growing Natural
Capital

WHAT YOU MAY GAIN

- ✓ Restore permanent native forest to improve drought resilience and protect habitat for koalas and other threatened species.
- ✓ Earn income through Australian Carbon Credit Units (ACCUs) under the Clean Energy Regulator.
- ✓ Build biodiversity, store carbon, and improve the long-term value of your land.
- ✓ Part of a WWF-Australia partnership, supported by the NSW Government.

Proudly funded by

Supported by the NSW Government, Koala Friendly Carbon Initiative projects generate Australian Carbon Credit Units (ACCUs) under the Clean Energy Regulator's Carbon Farming framework.

BENEFITS

Be part of an exciting koala habitat restoration initiative

Earn income generated by Australian Carbon Credit Units (ACCUs)

Build landscape resilience to climate extremes

Tackle climate change by storing carbon in your regenerating forest

Improve biodiversity while increasing the long-term value of your land.

Enhanced natural capital assets such as windbreaks and shelter belts deliver lasting benefits.

KEY CRITERIA:

Is my land eligible for Koala Friendly Carbon?

- The proposed planting area has not had forest for at least 5 years
- The area covers at least 20 hectares
- It is suitable for koala habitat

AUSTRALIA

WHY CLIMATE FRIENDLY

You stay in control. Your land. Your goals. Your decisions.

Clear guidance through a regulated process. We cut through complexity and reduce risk.

Trusted partner with deep expertise. Decades of experience in carbon farming and nature repair.

Start the conversation

A quick, no-obligation feasibility check will outline your carbon potential and best project pathway.
